

How to refill Aussie Blue Ceramic Cartomisers with eLiquids

Soulblu | Electronic Cigarettes | Melbourne – Victoria | Ph. 9005-6067 | www.soulblu.com

Thank you for purchasing the Aussie Blue Ceramic Cartomiser.

INTRODUCTION: The Ceramic Cartomiser is a refillable disposable device that is a combined atomiser and cartridge without cotton inside. The atomiser is made of ceramic.

How to refill the ceramic cartomiser:

			
Open the cap	Find the 2 side holes	Place the tube inside the side Inject max .6ml Liquid	Replace cap and ceiling ring. Clean surplus liquid.

- 1- Open the cap carefully. There will be a ceiling ring under the cap, which is not visible in picture 1 above. Gently remove ceiling ring, this will reveal the 2 holes as in picture 2.
- 2- You will see the 2 holes that are 90deg from the element as in picture.
- 3- Inject 0.6ml of e-liquid into the holes using the tube provided, can be refilled up to 10 times
- 4- Dispose of wipes after use, rinse refilling equipment with water, dry and keep in a safe place.

WARNING:

- The information contained in this manual is critical for the proper use and care of your Ceramic Cartomisers.
- Keep away from children. Do not attempt to refill until you have read and understand the information described in this manual.
